

ManEx, Inc.

Developing with YOU in Mind

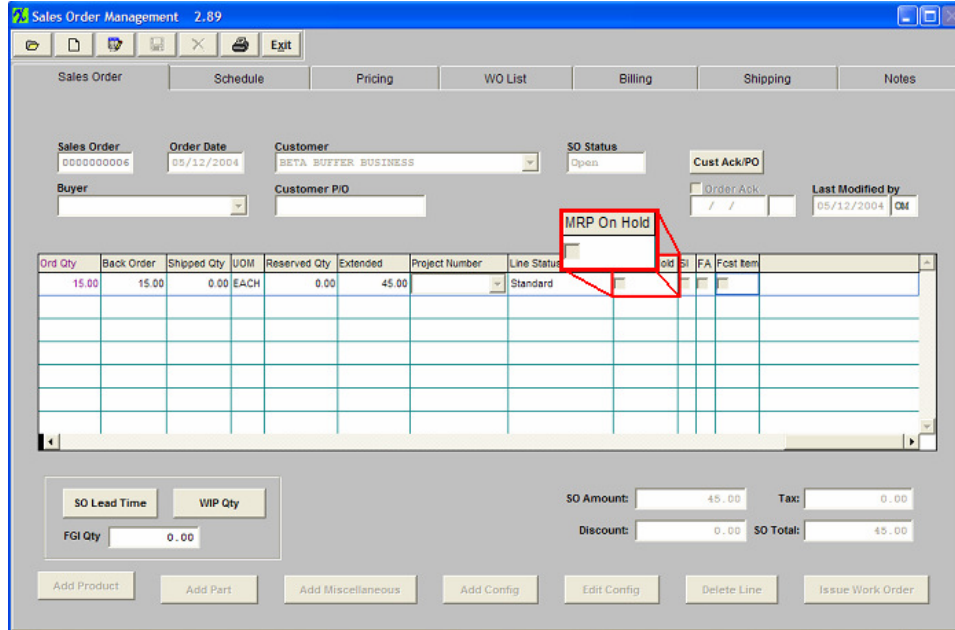

ManEx Minute

Take a minute to save time with ManEx.

Dear Valued Customer,

Did you know that ManEx gives you the ability to enter a Sales Order (SO) in the System, and prevent it from affecting MRP?

On the “Sales Order” tab, in the Sales Order Management Module, users can scroll to the right and check the “MRP On Hold” box. This will allow management to see the SO in ManEx, but it will not create action items for the purchasing or production departments until the line item is released from hold.

This will allow companies to enter and track a multiple line item SO, but selectively choose which line items are to affect the work flow immediately.

To learn more of the great features in the module, please refer to the [Sales Order Management Manual](#).

This is just another way we are developing ManEx with YOU in mind.

Sincerely,

David Sharp
