

## **Dear Valued Customer,**

Did you know that in ManEx v8.5 and above users have the ability to control how and when the warehouse is created for new customer part numbers?

🕺 Inventory Control A	Aanagement 2.28						
00		X 🖨 Egit		<b>Q</b> X-	Reference Find		
Summary	Item Master	Quantity Info	MRP Info	Notes	Customer	Supplier	Mfgr Part Spec
	Part Number		TBD TBD	Description	NT, DOW, 1-2577 (	Material Type Unk	Changed Init
( bo not add any	<ul> <li>Add Default W</li> <li>Copy Warehou</li> <li>Do not add any</li> </ul>	use/Location fro			tomer Part Number Save Cancel Inber Status Act	1	

On the "Customer" tab in the Inventory Control Management Module a new box will appear after the user edits the record and clicks the "Add" button to add a new customer part number. The three options in this new box are: "Add Default Warehouse", "Copy Warehouse/Location from Internal Part", and "Do not add any Warehouse/Location".

By selecting the appropriate option, users are able to quickly create a new part for a customer and simultaneously setup the warehouse/location information for that part.

To learn more of the great features in the module, please refer to the <u>Inventory Control Manage-</u> <u>ment</u> Manual.

This is just another way we are developing ManEx with YOU in mind.

Sincerely,

David Sharp

David Sharp Regional Vice President

ManEx, Inc. 7282 55th Ave. East PMB 162 Bradenton, FL 34203
