

## **Dear Valued Customer,**

Did you know that the Quote Module (QOT) tracks the total number of component placements and provides that information to users?

Customer Quotation 1.069

1000 Lowest Price 46.00							

In the lower right corner of the "Material Summary" tab users can view the current total number of component placements on the selected Bill of Material.

This information is often helpful in preparing the quote. Since it is continually updated users can always know the total number of parts required for the current design.

To learn more of the great features in the module, please refer to the <u>Quote Management</u> Manual.

This is just another way we are developing ManEx with YOU in mind.

Sincerely,

David Sharp

David Sharp Regional Vice President

ManEx, Inc. 7282 55th Ave. East PMB 162 Bradenton, FL 34203
