## **Dear Valued Customer,**

Did you know that users can view detailed information about all Customer Orders in one screen?

K Customer Order Status 1.12		Users can find this screen by selecting

Selecting a customer and moving to the second tab will display a list of all open orders for the selected customer.		

From this tab, users are able to sort the list by Part Number, Order Date, Purchase Order, or Sales Order. They can also check the status of all open WO, view the Ship History for all shipments, view the WO Notes and Shortages, and view any WO-WC Notes created in production.

Users are now able to answer the frequent customer questions, without spending hours getting answers from production.
