

# ManEx Minute

Take a minute to save time with ManEx.

## Dear Valued Customer,

Did you know that ManEx will not only allow you to globally replace one manufacturer with another, but it will let you add new manufacturers on the fly?

In the System Utilities under System Utility/Inventory Maintenance by Part Class & Type/ Inventory Global Change (Mfg, Class, Type) users are able to make global changes to the manufacturer, Manufacturer Part Number, and Class and Type. This is a quick way to replace or update information throughout ManEx.

If the user selects "Replace Manufacturer Name" and enters a new Manufacturer name and enters a manufacturer not currently loaded in ManEx, they will be asked if they want to add the new manufacturer to the system.

For more information on System Utilities, please refer to the [System Utilities](#) Manual.

This is just another way we are developing ManEx with YOU in mind.

Sincerely,

David Sharp  
Regional Vice President

ManEx, Inc.  
212 East State Road 73 #162  
Saratoga Springs, UT 84043
